Suggestions of Special Value For Fall Planting

Fall planting is gaining continuously in popularity as more and more customers find that Fall-planted material becomes firmly established in the Fall and gets a head start in growth over Spring planting.

While there are a few types of plant material which are better planted only in the Spring, most can be handled in the Fall not only safely but with very great success.

We list here a few suggestions from our very wide range of stock:

MOUNTAIN ASH (Sorbus aucuparia)

These well-formed flowering trees make a display of brilliant coloring in the Fall when laden with large clusters of orange-red berries. A wonderful attraction to birds.

6 to 8 ft. \$4.50 8 to 10 ft. \$7.50

PURPLE-LEAF CRAB (Malus floribunda atropurpurea)

This flowering Crabapple tree is an especially impressive sight. Brilliant foliage of rich, reddish-purple clothes it from Spring to Winter. In addition, it bears an abundance of single, deep red flowers in May which form red fruit in clusters.

Purple Leaf Crab

6 to 7 ft. \$9.00
7 to 8 ft. 12.00
8 to 9 ft. 15.00

PACHYSANDRA TERMINALIS

(Japanese Spurge)

The most popular ground cover plant. It takes hold quickly in new surroundings, spreads rapidly and gives a "finished" effect to your landscaping. Especially fine for shady places where grass will not thrive. Use plenty of humus or peat moss in the soil and plant closely—4 or 5 to a square foot.

Our Pachysandra is fast becoming another Rosedale specialty
Rooted Cuttings \$5.00 per 100, \$45.00 per 1000

HYDRANGEA P. G. (Tree Form)

This is a tree form of the popular Hydrangea Peegee. It bears typical coppery-pink flowers during the Summer months and its hardiness enables it to withstand adverse conditions. Especially fine for those who cannot give constant care.

Tree Form: 3 to 4 ft. \$2.50—4 to 5 ft. \$3.50

Mountain Ash

PHILADELPHUS—Minnesota Snowflake

This wonderful, pure white, very double-flowered shrub is a source of constant delight to everyone. Very fragrant; very hardy. Blooms heavily in June and July even when a very young plant. Attains 8 feet but may be kept smaller by pruning without harming the blooming quality.

3 to 4 ft. \$2.00

WEIGELA—Bristol Ruby

Weigelas have always been popular but this new improved variety is hardier, more vigorous, more shapely. Ruby-red, trumpet-like flowers cover the branches and bloom heavily. Our stock of this variety is especially good.

3 to 4 ft. \$2.00
4 to 5 ft. 3.00

BLUEBERRIES

A DECORATIVE PLANT FOR YOUR GARDEN — DELICIOUS FRUIT
FOR YOUR TABLE

Rosedale Blueberry Plants

for many years a specialty with us—have this year achieved an even greater and more widespread reputation for their excellency.

We offer only the most delicious, largest and best growing varieties, basing our selections on our familiarity and many years' experience with them in the field.

ROSEDALE IMPORTS THE FINEST DARWIN TULIPS

Direct from Holland

The Darwin group of Tulips offers vigorous, strong-stemmed plants of great substance in rich, clear colors, ranging from the delicate to the brilliant. These easy-to-grow bulbs are popular not only for their erect, colorful heads in May when we are hungry for color, but also because they are ideal for bedding or fronting evergreens. Also, excellent as long-lasting cutflowers.

We have imported only the finest and largest bulbs — all top size — from strong stock in a kaleidoscopic assortment from which you may compose your own color harmonies.

Planting Suggestions—If possible, prepare soil a week in advance, digging to a depth of at least 10 inches. Manure should not come in direct contact with bulbs but may be mixed with soil immediately below them. Bulbs should be set in upright with no air pockets around them. Set in ground in November and do not mulch until ground is frozen.

	10	100
All Bright. Bright scarlet. Fine for potting, bedding or cutting.....	\$1.00	\$ 8.50
City of Haarlem. Large cardinal red flower with black center. Of unusual size—good for exhibition.....	1.25	10.00
Clara Butt. Clear rich pink sometimes bordering on the salmon-rose.....	1.30	10.00

MAIL ORDERS

We can handle parcel post, express and freight shipments of all plants except those requiring a ball of earth.

Shipment will be made at the appropriate planting time.

No mail orders can be accepted for less than \$5.00 and no shipments will be made unless a 25% deposit accompanies the order. To expedite handling we suggest enclosing a check, money order or postal note (no stamps or cash) with your order.

All shipping charges must be borne by the customer except where otherwise noted. Please be sure to give your correct shipping address and instructions.

Please address all mail orders and communications to our Post Office address — Eastview, New York.

PARROT TULIPS

The most exotic group of all Tulips with flower petals characteristically feathered and Apple-green spurs on under side. Fascinating in color and form.

BLUE PARROT

Lilac-blue to steel-blue. A glorious large flower on 30-inch stem.
10 for.....\$1.30 25 for.....\$3.00

FANTASY

A sport of the Darwin, Clara Butt, it is one of the most gorgeous and spectacular of all Parrots. Salmon-rose with apple-green spurs.
10 for.....\$1.30 25 for.....\$3.00

TRIUMPH TULIPS

(Not Illustrated)

This cross between Single Early Tulips and Darwins to make the Triumph group fills the flowering period after the blooming of the Early Tulips and before the Mayflowering varieties. The flowers are Darwinlike in form and height of stem.

Aviateur. Brilliant red cup with golden yellow border and silvery edge. Large flowered. Fine for border planting. 10 for \$1.25, 25 for \$2.75.

Fantasy

"Sleepy Hollow" Tulip Collection

The gay colors of these fine Dutch Darwin Tulips remind us of the charm of the original Old Dutch settlement at Sleepy Hollow. Although they brought as many Tulips as they could, the small holds of the ships of those days permitted very little beside the absolute necessities of life. We are more fortunate today, and it is our good fortune to offer you this lavish display for your own Dutch garden.

Famous Breeder Tulips

Breeder Tulips are centuries old—originating from the old Dutch Tulips. This group is largely composed of rich mellow browns, bronzes, deep yellows, oranges and purples. The flowers, usually egg-shaped on stems as long as Darwins, open during the day and close at night.

Louis XIV. A wealth of color tones blend together to make this most fascinating Breeder. Blackish purple at the base and main part of the petals yields gradually to edges of bronze-gold. Deliciously fragrant. It is truly a king among Breeders. Height about 34 in. 10 bulbs for \$1.30, 100 for \$10.00.

Cherbourg. Enormous flowers in a harmony of golden browns, bronze and yellow, with deeper yellow edges. One of the finest. Height 32 in. 10 bulbs for \$1.30, 100 for \$10.00.

Mr. Bouman. Unusual brick-red shaded to orange with yellow base. An exquisite Tulip of excellent growing habit. Height 28 in. 10 bulbs for \$1.30, 100 for \$10.00.

Top—Yellow Giant

Bottom—The Bishop

City of Haarlem

Queen of Night

Insurpassable

Keizerskroon (Single Early)

Single Early Tulips

KEIZERSKROON

This brilliantly colored April-flowering Tulip brings the Winter-weary garden a sparkle of color thrilling to see. Bright scarlet with broad yellow edges. Very suitable for formal beds and garden borders.

10 for\$1.60
25 for 3.50

COTTAGE TULIPS

These charming, long, oval flowers on long, slender, stiff stems bloom early in May. No Tulips equal the Cottage Tulips for cutting. Excellent for use in bouquets and flower arrangement.

Marjorie Bowen. Large, well-formed flower in buff and salmon-pink to deep rose-pink. Unusual color combination. Height 24 in. 10 for \$1.30, 100 for \$10.00.

G. W. Leak. The dazzling spectrum-red of this cup-shaped flower with apricot-yellow anthers makes this the most brilliant of all Tulips. Highly recommended. Height 29 in. 10 for \$1.30, 100 for \$10.00.

CHAMELEON TULIP—New

Ossi Oswald. A most unusual Tulip of Darwin type, noted, as its name indicates, for its change in color as it matures. This white flower with a rose-pink edge gradually assumes the rosy-pink throughout. A delightful novelty for your garden. Height 25 in. 10 for \$1.30, 25 for \$3.25.

LILY-FLOWERING TULIPS

These graceful, Lily-like flowers are the result of a cross between Darwin Tulips and Tulipa retroflexa. Very charming and decorative blooms.

Alaska. Clear bright yellow with slightly reflexed petals. Very cheerful. Height 26 in. 10 for \$1.30, 25 for \$3.25.

Don Jose. This vivid scarlet with yellow base is long lasting. A great favorite. Height 30 in. 10 for \$1.50, 100 for \$3.75.

Philemon. More heavily reflexed than the two varieties above, hence more Lily-like. Lovely creamy-yellow. Height 22 in. 10 for \$1.50, 100 for \$3.75

"Red Emperor"

(FOSTERIANA)

Magnificent. Very glossy, vermillion-scarlet flower with yellow and black center. The petals of this huge, rounded flower glisten in the sunlight, catching every highlight.

There is nothing to equal the Red Emperor in size and brilliance. 12-inch stem.

10 for\$1.75 25 for\$3.75

Botanical Tulips

These Tulips originally came from Asia Minor and Central Asia to Europe, where they have been developed and hybridized over the years. Botanical or Species Tulips as they are sometimes called, prefer good, but not too rich, well-drained soil in full sun. Beautiful for the rock garden.

Plant them deep and leave untouched for many years.

Kaufmanniana Gaiety. A delightful "water-lily" type of improved T. kaufmanniana. The white flower is striped with red on the outside. Height 4 in. Valuable for the rockery. Among the first to bloom. 10 for \$1.75, 25 for \$3.75.

Kaufmanniana vivaldi. A lovely clear yellow shaded red on outside. Very interesting foliage which is dark green with darker markings. Height 10 in. 10 bulbs for \$2.00, 25 for \$4.50.

Praestans Fusilier. Brilliant scarlet. A spectacular, tall-growing specie—about 10 in. 10 for \$1.75, 25 for \$3.75.

Kaufmanniana

CROCUS

Showiest Spring flower for beds, borders, grass or woodland and first to push through in the Spring. Plant in deeply dug, light, well-drained soil in full sun or shade. Do not mow or cut foliage in Spring until it has ripened completely. Move only when they become too crowded. Excellent for naturalizing.

For Early Spring Color in Your Garden

Hyacinth

Scilla Sibirica

Chionodoxa

Plants Especially Good for Rock Garden

The delight of discovering the first flowers of Spring pushing through the softening earth is one of the thrills every gardener awaits eagerly. No garden is too small and almost any location imaginable is suitable for these adaptable and showy flowers—in drifts or masses, in rock gardens, for bordering walks, as underplantings, in the lawn. These tiny, colorful and entirely dependable plants bloom on year after year without care or lifting.

DUTCH HYACINTHS

For rich fragrance and depth of color in the early Spring there is nothing to equal Hyacinths. Plant them in beds or groups of one or more colors or "sprinkle" them through our other bulb plantings. Always a favorite for "pattern" layouts as they are noted for uniformity of height.

10 for\$0.75 25 for\$1.50

ERANTHIS HYEMALIS (Winter Aconite)

These bright, buttercup yellow flowers bloom in the late Winter or very early Spring. Best planted in partly shaded areas in "drifts." Combine with Galanthus, Scillas and Chionodoxa for best effect in a succession of blooms.

10 for\$0.75 25 for\$1.75

GALANTHUS (Snowdrops).

Small white, drooping flowers on delicate stems bloom while snow still leaves a lacy coverlet. They thrive in rich loam with some leafmold mixed in. Plant thickly for loveliest effect.

25 for\$1.75 100 for\$6.00

MUSCARI (Grape-hyacinths)

Dainty, Grape-like flowers in blues and whites on delicate stems characterize this group. Absolutely hardy and do well anywhere. Height 6 inches. Plant in clumps.

Armeniacum. Blue.

25 for\$1.00 100 for\$3.75

Botryoides alba. White.

25 for\$1.25 100 for\$4.25

SCILLA (Sibirica)

Sibirica. These delightful sky-blue, bell-like flowers appear as the late snows melt between the flowering of the Crocuses and the Narcissi. Fine for naturalizing and rock gardens. Plant 2 in. deep in shade or sun. Height 4 in.

25 for\$1.25 100 for\$4.25

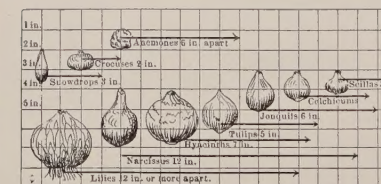

Campanulata alba. A charming white form similar to Sibirica and just as hardy. Plant 4 to 6 in. deep.

25 for\$1.25 100 for\$4.25

Campanulata rosea. A pink form to add variety to your rock garden. Plant 4 to 6 in. deep.

25 for\$1.25 100 for\$4.25

Note—These Scilla may be purchased in groups of twenty-fives or hundreds in assorted colors if desired.

ROSEDALE NURSERIES On the Saw Mill River Parkway EASTVIEW, NEW YORK

King Alfred

King Alfred. Clearest rich, yellow Giant Trumpet Daffodil. (The trumpet is as long or longer than the perianth surrounding the petals.) Sturdy, dependable, long-stemmed. Easy to grow; excellent results. A good one for your young assistant gardener to start with and achieve success. 10 for \$1.75, 25 for \$3.75.

ROSEDALE'S CHOICE NARCISSUS—DAFFODILS

NARCISSUS (DAFFODILS)

These hardy, dependable Daffodils do well in almost any soil or situation, increase very rapidly and flower freely Spring after Spring. For cheery color in border, bed, woodland, orchard or grassy slopes—they fit in everywhere—plant the dancing Daffodils.

Roxane. Comparable to King Alfred but with white perianth and creamy white giant trumpet. This very large flower on sturdy stem makes it perfect to plant either in beds or mingled with the King Alfred. 10 for \$2.00, 25 for \$4.50.

Roxane

"GIANT TRUMPET" MIXTURE (COLLECTION GT)

A really fine assortment of top grade bulbs of Giant Trumpets; Incomparabilis (the "short-cupped" varieties); Barri ("flat-cupped" varieties); and Poetaz (those with several flowers on one stem). In this way you may have four types of Narcissus intermingled for interest in an informal planting. 25 bulbs for \$3.00, 100 for \$10.00.

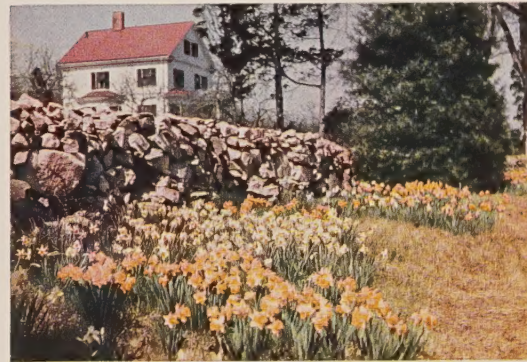

INCOMPARABILIS DAFFODILS

"Short-cupped" varieties (the trumpet is one-half to nearly the length of the perianth).

Carlton. Soft yellow of even texture with large, expanded cup. A very beautiful variety, flowering very freely. Highly recommended. 10 for \$1.50, 25 for \$3.50.

Monique. The white perianth makes a perfect background for the expanded, frilled yellow cup edged with red. Very effective. 10 for \$1.75, 25 for \$3.75.

Scarlet Elegans. One of the finest of the Incomparabilis Narcissi—a large, golden yellow perianth with a long cup of intense orange-red rimmed with scarlet. The contrast in colors is striking and unusual. 10 for \$1.75, 25 for \$3.75.

GENERAL DAFFODIL MIXTURE

(For Naturalizing)
(COLLECTION DN)

For planting in areas where a "natural" or "wild" effect is desired. Especially fine for meadows where grass need not be cut immediately; or open woodlands and even partly sunny slopes. Plant in large numbers for successful effect of a field of nodding yellow and white blooms.

A complete assortment of Giant Trumpets, Incomparabilis, Barri and Poetaz varieties of bulbs of excellent grade, although not top size. This is reflected in the very moderate price. **25 bulbs for \$2.00, 100 bulbs for \$7.50**

Cheerfulness (Poetaz)

POETAZ

Several flowers on one stem characterize this group. We have selected from the Poetaz group three of the most vivid.

Geranium. An excellent Poetaz variety. The perianth is pure white, very round and flat; the cup an intense orange-scarlet. Superior for the garden—four or more flowers on a strong, tall stem. 10 for \$1.75, 25 for \$3.75.

Cheerfulness. Masses of double creamy white flowers with short, orange-yellow petals intermingled, in clusters of three or four. Enchanting in its daintiness. One of the longest lasting for cutting. 10 for \$1.50, 25 for \$3.50.

Red Guard. This newer Poetaz variety is one of the most brilliant in coloring; a sulphur yellow perianth with little orange-scarlet cups. Two or three flowers on each stem. 10 for \$1.75, 25 for \$3.75.

LOWELL THOMAS

THE VERY FINEST DEEP RED PEONY EVER INTRODUCED

It is difficult to capture in a photograph the deep, rich red coloring and captivating form of this excellent new Peony. To assure ourselves, and in turn you, of the exceptional quality of this variety, we grew this in our nurseries for three years before offering it for sale for the first time two years ago. It justified everything the originator claimed for it, "pure red, heavy foliage and vigorous growing midseason variety." This was substantiated by his propagator: "The bloom is the largest, the foliage the greenest and most beautiful, the plant habits perfect, the stems strong, color and fragrance excellent." Nothing more need be said. We recommend this unqualifiedly.

EACH.....\$7.50

ROSEDALE'S CHOICE PEONIES

The propagation and growing of Peonies has been a forte of Rosedale Nurseries for 35 years. Over the course of this time, therefore, we have become especially able to determine just which varieties are best in growth habit, sturdiness, fragrance, form and foliage. In this way you may be assured of having only the outstanding varieties in dependable stock—the new as well as the established varieties.

Our Peonies—now a Rosedale tradition—present a lavish display of exquisite colors, enchanting fragrance and rich, green foliage.

Size of Peony Root: Rosedale Peonies are offered in a size one year older than is usual. A "division" (the size of root stock usually sold) at Rosedale has at least

CHOICEST DOUBLE AND SINGLE VARIETIES—ALL HEAVY PLANTS—3 to 5 EYE DIVISIONS

DOUBLE VARIETIES

Adolphe Rousseau. Early midseason. Very large, semi-double, glossy rich garnet. Tall growing. \$1.25.

Avalanche. Midseason. Creamy white, slightly flecked with carmine. Large, compact crown type; fragrant. Strong growth. \$1.25.

Baroness Schroeder. Late midseason. Flesh white, fading to milk white. Large, globular, rose type and very fragrant. One of the finest. \$1.25.

Edulis Superba. Extra early. Fragrant, dark pink of large, loose, flat crown type. Very popular. \$1.25.

Festiva Maxima. Early. Paper white with crimson markings in center. Very large, full flower of strong growing habits. The most popular Peony. \$1.25.

Germaine Bigot. Midseason. Pale lilac-rose; center flecked with crimson. Very large, flat, crown shape. Strong and erect growth. Free bloomer. \$1.00.

Grandiflora. Very late. Beautiful soft shell-pink. One of the very largest pinks known. Vigorous. \$1.25.

Jeannot. Late. Exquisite pale rose-pink deepening to old rose in center. Slight lavender overcast. Large. \$1.25.

Karl Rosenfield. Midseason. Large, double, rich velvety crimson; one of the best all-around Peonies in color, form and foliage. \$1.25.

Kelway's Glorious. Late midseason. Pink-tinted buds open to iridescent white. Fragrant, full headed, high crowned. Truly a glorious sight. \$1.50.

Le Cygne. Early midseason. This creamy white double Peony is tinged with green at the heart. Very large, fragrant and perfectly formed. Highest rated Peony, and a must for the Peony connoisseur. \$1.50.

Mme. Auguste Dessert. Early midseason. Uniform violet rose, slightly flecked with crimson. Very large rose type. Erect, medium height. \$1.00.

Mme. Emile Galle. Late. Daintiest colorings of translucent white with pink shadings deepening in center. Large flower. Medium height. \$1.00.

Mme. Lemoinier. Midseason. Exquisite pale pink, enormous globular bloom. Tall, strong grower and very free bloomer. Most striking. \$1.00.

Mme. Reingoux. Midseason. Rose-carmine, large and full. Free flowering. \$1.00.

Marguerite Gerard. Midseason. Very pale salmon-pink, fading to bluish-white. Large, compact, rose type. \$1.25.

Martha Bulloch. Late. A mammoth, cup-shaped flower of silvery shell-pink. Fragrant, and exquisite. \$1.25.

Mons. Jules Elie. Early. Largest fine pink of perfect crown type. Very fragrant, tall and vigorous. \$1.00.

Mons. Martin Cahuzac. Early midseason. Very dark garnet with black reflex, very glossy petals. Medium to large flower. Vigorous grower. \$1.25.

Octavie Demay. Early. Pale pink, collar almost white with a few stripes of carmine. Very large, flat, crown type. Fragrant, dwarf plant with strong, thick stems. \$1.00.

Officinalis Rubra. Very early. Old-fashioned red Peony, ever popular through the years. \$1.25.

Philippe Rivoire. Midseason to late. This is one of the finest red Peonies. Of excellent form and color this Peony has the fragrance of a Tea Rose. Strong grower and free bloomer. \$1.25.

Primavera. Midseason. Guards creamy-white with deep canary yellow center. The nearest to a yellow Peony. \$1.25.

three to five eyes, and has been planted and grown under ideal conditions for one year before being offered for sale. These plants develop new roots and large, husky eyes which generally bloom the following June when planted in the Fall.

Culture—September and October are the months to plant Peonies for blooms in June. Prepare the soil to a depth of 18 inches, mixing in liberally bone meal and pulverize shero manure. Do not use fresh manure near the roots. Plants the root division so that the prominent "eyes" are 2 inches below the surface of the ground. Firm soil well around the roots.

SINGLE AND JAPANESE VARIETIES

Sarah Bernhardt. Late. Large, refined flower of semi-rose type; Appleblossom pink tipped with silver. Delightfully fragrant. Very popular. \$1.25.

Therese. Early. Glossy, lightly-tinted pink. Large, attractive imbricated flowers. \$1.25.

Walter Faxon. Midseason. Very delicate coral-pink, deeper in center. Vigorous grower. \$1.25.

Mikado. Late. Rich red with long, rounded petals and golden stamens. Unusually brilliant. \$1.50.

Mischief. Late. An even soft pink. Very popular for exhibitions and flower shows. \$1.50.

Pride of Langport. Large, pink flower with long yellow stamens in center. Best single pink. \$1.25.

GOLD STANDARD. Most magnificent of all single Japanese Peonies. White petals of crepelike substance surround a mass of golden stamens. It is because of the prominence and richness of this heart of gold that the Peony received its name. The flower is of mammoth proportions measuring approximately 7 to 8 in. in diameter. Good growing habits. Definitely an item for the Peony fancier. \$7.50.

L'Etincelante. Midseason. Very broad bright carmine petals with broad silvery border, surrounding crown of gold stamens at the center. Superb. \$1.25.

SLEEPY HOLLOW PEONY COLLECTION

Festiva Maxima. Double, white.

Karl Rosenfield. Double, red.

L'Etincelante. Single, pink.

Mons. Jules Elie. Double, pink.

Sarah Bernhardt. Double, pink.

Walter Faxon. Double, salmon.

For a handsome, flourishing border of Peonies, this exceptional collection gives you not only a complete range of colors in the finest varieties but in addition, the superb single variety—L'Etincelante.

Regularly \$7.25 — Collection price for all six, \$6.50 postpaid

SPECIAL 6 OFFER

This collection of fine sturdy stock in regular 3 to 5 eye divisions, includes Red, White and Pink — and one single. All Labeled for Color
SIX PEONIES FOR \$4.50, POSTPAID

FOR OUR LOCAL CUSTOMERS ONLY*

REDUCED EVERGREENS PRICES ARE NOW IN EFFECT

HEMLOCK (*Tsuga canadensis*)

These hardy trees thrive in shade or full sun and are practically immune to insects and disease. Handsome with their feathery green branches and although fast growing, they can be kept to size—full and thick—by shearing. Excellent for hedges or screen plantings; very stately as a lawn specimen. We have an unusually fine stock of Hemlocks this Fall and invite you to the nurseries to see them. Inasmuch as they are now ready to be transplanted again and must be moved we can offer these at really special prices:

3 to 4 ft.....	\$6.00—regularly \$7.50
4 to 5 ft.....	8.00—regularly 10.00

DARK AMERICAN ARBORVITAE (*Thuja occidentalis nigra*)

An upright variety noted for its constant dark, rich green color. Medium fast grower.

6 to 7 ft.	\$9.00—regularly \$12.00	7 to 8 ft.	\$12.00
------------	--------------------------	------------	---------

Hybrid Rhododendron

PYRAMID ARBORVITAE (*Thuja occid. pyramidalis*)

Heavy Specimens—greatly reduced in price. The deep green color and upright pyramidal form of this species renders it conspicuous in contrast with other evergreens. It is very hardy and vigorous. We recommend this Arborvitae for an evergreen hedge.

6 to 7 ft.....	\$9.00—regularly \$12.00
7 to 8 ft.....	12.00—regularly 14.00
8 to 9 ft.....	15.00

DOUGLAS FIR (*Pseudotsuga douglasi*)

This handsome tree has gray-green foliage, is very hardy and extremely ornamental at all stages of growth. Its hardiness and beauty would be difficult to overrate and hence it is one of the most popular of all evergreen trees. Some specimens are rich deep green; others almost as blue as Blue Spruce. Douglas Fir does extremely well with us and we offer only superior stock.

5 to 6 ft.....	\$12.00	6 to 7 ft.....	\$17.50
----------------	---------	----------------	---------

UPRIGHT JAPANESE YEW (*Taxus capitata*)

The Yews are generally regarded as the very finest of all evergreens. This upright form is particularly desirable for foundation plantings. Best possible evergreen hedge and shears well. Specially priced for this Fall: 2½ to 3 ft. \$7.50 reduced from \$9.00

HATFIELD UPRIGHT YEW (*Taxus batfieldi*)

Finest upright Yew. Holds its form almost without trimming.

18 to 24 in.....	\$5.00
------------------	--------

JUNIPERS (Cedars) — JUNIPERUS

Chinensis columnaris. Fast growing, slender tapering spire. Best substitute for our native Cedar. Hardy, light green, effective evergreen.

Virginiana burki. A distinct, silver Cedar worthy of more attention. Uniform, upright growth of soft foliage.

Virginiana cannarti. An aristocrat of Cedars; upright, blackest green tree bearing quantities of most ornamental blue berries.

Each of these fine varieties have been specially reduced for Fall planting: 5 to 6 ft. \$10.00, reduced from \$12.00

HYBRID RHODODENDRONS

Without question our present stock of Hybrid Rhododendrons is the finest and bushiest we have ever had to offer. All are named varieties and we cannot urge you too strongly to come to the nurseries where you may take advantage of offer of excellent Broadleaved Evergreen material. All these plants are set with flower buds ready to bloom next June.

Red Varieties		Lavender, Pink and Purple Varieties	
15 to 18 in.....	\$8.00	18 to 24 in.....	\$7.50
2 to 2½ ft.....	\$12.50	2½ to 3 ft.....	\$15.00
		2 to 2½ ft.....	10.00
		3 to 3½ ft.....	17.50

*We regret that we cannot ship this balled and burlapped material by express or parcel post but we must limit it to customer at the nurseries or those within our delivery area.

Canadian Hemlock (*Tsuga Canadensis*)
